

## CAS 53-84-9 High Purity Nad Powder For Bulk Powder Nutrition Enhancers

### Our Product Introduction

for more products please visit us on [antiageingredients.com](http://antiageingredients.com)

#### Basic Information

- Place of Origin: China
- Brand Name: HYGIEIA
- Price: \$1.00/grams  $\geq 1$  grams
- Packaging Details: 1kg per bag in aluminum bag; 10kg per bag in aluminum bag; 10kgs per drum.

#### Product Specification

- Type: Antioxidants, Nutrition Enhancers
- Purity: 99%
- Highlight: CAS 53-84-9 Nad Powder, High Purity Nad Powder, CAS 53-84-9 Nad Nicotinamide Adenine Dinucleotide

## Product Description

Des:	NAD Nicotinamide Adenine Dinucleotide
CAS No:	53-84-9
Other Names:	NAD+
MF:	C21H27N7O14P2
EINECS No:	200-184-4
Purity:	99%min
Shelf life:	2 Year
Molecular Weight:	663.43
Package:	1kg/bag 25kg/drum
Melting point:	140-142 °C

## Product advantages

- 1.High purity: >99.5%.
- 2.Snow white colour.
- 3.Free-flowing: density is 0.4-0.7g/ml.
- 4.Enzymatic process, green and environment friendly.
- 5.Odourless.
- 6.Short delivery time, in stock products.
- 7.NON GMO, NON radiation.
- 8.Long shelflife: 24 months, product is stable.
- 9.Heavy metal and microorganism meet food grade.
- 10.Third party test report.

Company Profile

---

**Shenzhen Hygieia Biotechnology Co., Ltd.** engaged in the research of biocatalysis and synthetic biology, focusing on the R & D, production and sales of new dietary nutritional supplement raw materials and medical beauty raw materials. In 2019, we realized the industrialization of high quality Nicotinamide Mononucleotide (NMN) which has been approved by US and Japan Test lab, with a number of independent intellectual property rights.

In the future, Hygieia will introduce computer AI-design technology into protein artificial assembly, and combine with new enzyme engineering technology to achieve more technological breakthroughs.

In addition, we actively participate in the research projects with domestic and foreign research institutions, help promote the progress of NMN in clinical research, continuously expand the research of NMN application and explore related indications, and provide more basic research data support for NMN industry chain!

We focus on anti-aging, focus on health, and share the future with you!

## FAQ

---

**1. Why do we choose Hygieia.**

Hygieia engaged in the research of biocatalysis and synthetic biology, focusing on the R & D, production and sales of new dietary nutritional supplement raw materials and medical beauty raw materials.

**2. What is your MOQ?**

Our MOQ is 1 gram.

**3. Where could we buy your products?**

You could buy our products via Alibaba or contact our sales by e-mail.

**4. Do you have products in stock?**

Yes, usually we do have products in stock, it's helpfull for us to assure the lead time.

**5. What is the shelf life?**

24 months.

**6. How to pay?**

We accept payment by wire transfer (T / T) and Western Union and VISA.

**7. What are my shipping options?**

In order to continuously provide value and flexibility to customers, we will provide four different options to deliver your order.
